## JUMBLE SALE FOR BENEFIT OF DEPENDENTS OF SAILORS

In connection with the drive being held this week by the Alberta Division of the Navy League of Canada for funds to assist the dependents of men who lost their lives on merchant vessels through the action of enemy submarines during the war, the Walter Mission Chapter of the Independent Order of Daughters of the Empire held a jumble sale in the restaurant of the U.F.W.A. on Saturday last.

One feature of the affair was the collection of potato parcels made through Miss Bessie Parsons at the Wainwright schools. Each child was asked to bring a parcel weighing one pound. Many and various were the parcels brought. They were chiefly of the food, e.g., butter, tea, coffee, rice, fruits, vegetables, etc. In the aggregate they realized much value.

Other things collected from the citizens included articles of wear, art work, apples, bread, beans, books, bric-a-brac, brass ornaments, bags of potatoes, bottles of fruit, baby carriage, cakes, cookies, cans of vegetables, crocheted work, etc.

The financial results were over \$100, for the funds of the Navy League.

The officers, Miss Gibson, Regent; Mrs. W. E. Washburn, 1st vice-president; Mrs. Adeline Lashell, 2nd vice-president; Mrs. N. S. Keeney, secretary, and Miss Bessie Parsons, treasurer, assisted by many faithful members of the Order, were very pleased at the result.

Dr. H. C. Wallace who has recently opened his office in town has received notification of his appointment as medical officer for this district for the Civil Service Re-establishment Board.

Free medical treatment is accorded an ex-soldier suffering from a war disability at any time. A man not suffering from a war disability is entitled to free treatment for twelve months after his discharge. The doctor's office is over the Wainwright Pharmacy store.

**BILLIE BURKE IN NEW BIG PICTURE**

If you saw "Let's Get A Divorce," a recent Paramount photoplay in which Billie Burke scored so signal a success, you will doubtless be delighted to know that her latest photoproduction, "In Pursuit of Polly," in which the elements of comedy and drama are happily blended, will be presented at the Elite theatre next Monday and Tuesday.

## EDITORIAL COMMENT

The Edmonton Bulletin, places the blame of the defeat of the party politicians in Ontario, to the acts of the Union government. It has to be a very unusual disaster that cannot be blamed to the Union government, according to the policies of that paper. We suppose that this snow storm is one exception.

Owing to the rush of cattle to the Winnipeg markets, there is every evidence that big drops will take place for some time. The lack of feed is sending many a carload to the stock yards of Winnipeg. Too hasty action in shipping now will only mean a loss, as the storm has stampeded many owners. By spring at the present rate of shipping, the beef supply will be down to a very low ebb.

Prohibition is not a war time measure, but will be a lasting handicap to the world. The results in Ontario clearly demonstrated that the open bar has gone, and will never return again.

The results of the Ontario elections came as a surprise to everyone. While both Tories and Grits were confident of success, they did not apparently take into consideration the amazing way in which the farmers came to the front. Party papers are consulting

Friday, October 31st, is the last chance to secure the five per cent discount off this year's taxes. After that date they are payable at par and at the expiration of two weeks from November 1st, collection may be obtained by the issuance of distress warrants.

## FIRST SNOW STORM OF THE SEASON

The first real snow storm of the fall has arrived with a full load of samples. On Monday morning a south-east wind brought up a cold wave and soon light snow was falling. It gradually developed in intensity and force and became a small blizzard. The temperature did not lower a great deal but the wind made it feel cold. The snow continued until Wednesday and approximately 12 inches fell on the level.

The snow has unfortunately caught nearly fifty per cent of the farmers with their grain still in the stock, and if it turns mild and melts, the stocks will be thoroughly soaked, as the wind has drifted the snow into all the crevices. If the weather stays cold, the threshing can be continued, as the loose dry snow will readily shake from the grain.

The heavy fall of snow and cold at this time in October, brings to mind the winter of 1906-7, so well known to old timers throughout the west. We have asked a good many old timers what their predictions for the winter were, and every one so far stated emphatically that we were in for another 1907 winter. Bob Harris says: "I am willing to stake quite a bit that this snow is on to stay." Mr. Pawling, who has lived in Wainwright ever since there was anything here to stay, is of the opinion that we will probably have a winter with lots of snow. - P. De-war is also of the opinion that plenty of snow is due.

There is one bright prospect, in that with an abundance of snow, comes plenty of moisture for the spring.

Frosts have also played havoc with late potatoes and it is estimated that nearly fifty per cent of the potatoes are still in the ground with fair prospects of staying there for some time. Saskatchewan reports the potato crop very short from the same cause, and it may be possible we will have a potato shortage in spite of what looked to be a bumper crop.

So far nine carloads of grain have been marketed and shipped to Fort William by the elevator. These were all oats and only 600 bushels of wheat have been shipped.

Owing to the late crop a very small percentage of fall plowing has been done.

## 4,000 STILL TO SAIL

LONDON, Oct. 18.—About four thousand Canadian military are still on this side, awaiting repatriation.

H. H. Dewar, Liberal Leader, Has 5,000 Majority Over Goodenham in South West Toronto. Most of the Conservative Leaders Go Down to Defeat with Premier Hearst—United Farmers of Ontario Have 42 Seats—Results of Referendum on Temperance Act Still Uncertain and Some Time Expected to Elapse Until Definite Figures Are Available.

TORONTO, OCT. 20.—The next government of the province of Ontario may be a coalition composed of Liberals, United Farmers and Labor. At the time of writing, one thing assured is that the William Hearst government has been swamped by the election of an overwhelming majority of various other parties, who may or may not combine to put the Conservatives in opposition in the next cabinet. Forty-two candidates of the United Farmers of Ontario have been unofficially declared elected, twenty-eight Liberals and twenty-seven Conservatives. There are also among the successful candidates eleven Labor candidates, one soldier, and one Independent Liberal. No party has in itself a working majority.

Sir William Hearst, premier, in conceding his defeat at the Soo by the Labor candidate, practically admitted that the United Farmers would have considerable to do with the formation of the next legislature. Their prospective attitude, he said, was difficult to determine. He declined to concede the defeat of the government. The Mail and Empire, chief Conservative organ, at a late hour refused to concede the defeat of the Hearst government. The Toronto Star, which supported the Hearst party, admitted in its headlines at 11:30 that the balance of power was in the hands of the U.F.O.

**Ministers Defeated.**  
Most of the conservative ministers went down to defeat with Sir William Hearst, Hon. W. D. McPherson, provincial secretary, in Northwest Toronto; Hon. T. W. McGarry, provincial treasurer, in South Renfrew; Hon. I. B. L. Lucas, in Centre Grey; Hon. H. F. McDiarmid, in Elgin West, were all beaten by their opponents in their respective riding. Hon. Dr. Colby, minister of education, who was returned by acclamation, in Northeast Toronto, and Hon. A. E. Ross, who was likewise returned without a contest in Kingston, with Hon. George Hendy, minister of agriculture, and Hon. Howard Ferguson, are the sole survivors of the cabinet rank, as the result of the elections today.

**The Referendum.**  
The results of the referendum on the Ontario temperance act are still indefinite, and judging from the slowness of the returns it will be some time before the definite figures are available. It is certain that the open bar has definitely got a black eye, even in the cities, from whence the early returns came. Question one, asking for the repeal of the Ontario temperance act, was defeated. Question two, requesting the sale of a higher percentage of beer through government agencies, looks to be carried at present writing, but the country districts are still to be heard from. Question three, recommending local option for sale of beer in standard hotels, was also defeated.

Question four, recommending the sale of spirituous and malt liquors through government agencies, seemed to be very much in the balance at last reports. The last total vote was as follows:

The available total at 11:30 p.m. for the whole province were:

Question 1—Yes, 103,301; no, 114,637.

Question 2—Yes, 109,555; no, 108,317.

Question 3—Yes, 105,713; no, 112,334.

Question 4—Yes, 114,866; no, 105,814.

The above are largely city returns. It is indicated that the country districts still to come are piling up big majorities for the "noes."

The questions on which the electors were called on to vote were as follows:

1.—Are you in favor of the repeal of the Ontario temperance act?

2.—Are you in favor of the sale of light beer containing not more than 2.51.100 per cent. alcohol, weight measure, through government agencies, and amendments to the Ontario temperance act to permit such sale?

3.—Are you in favor of the sale of light beer containing not more than 2.51.100 per cent. alcohol, weight measure, in standard hotels, in local municipalities that, by majority vote, favor such sale, and amendments to the Ontario temperance act to permit such sale?

4.—Are you in favor of the sale of spirituous and malt liquors through government agencies and amendments to the Ontario temperance act to permit such sale?

## H. W. WOOD DEFINES U. F. A. POLITICAL ORGANIZATION AS A PURELY CLASS MOVEMENT

**Meeting at Crossfield He States That Labor Cannot Be Taken Into Its Ranks**

Emphatically declaring that the farmers' political organization in Alberta and Cochrane riding is a "group" or class organization, H. W. Wood, president of the U.F.A. in a strong address at Crossfield, Monday, directly contradicted the assertion of the U.F.A. candidate, Alex. Moore, made last week at the Cochrane meeting, that the organization is not a class movement. Mr. Wood stated with equal emphasis that the farmers' political organization could not take labor within its ranks, that the viewpoints of the two were different.

What the president of the U.F.A. forecast was that all industrial members of society eventually must be forced into like group organizations of their own classes, in order to compel justice from the farmers' class. When this was accomplished, everyone organized, and proportional representation put into effect, Mr. Wood thought the country would be well on the way to ideal democracy.

The regular meeting of the council was held last Tuesday evening in the council chambers, with all present but Councillor Stuart.

A communication was read by the secretary, treasurer of the Union of Alberta Municipalities, asking that cooperation be given and that a delegate be appointed to attend the annual convention to be held in Edmonton, November 11th and 12th.

R. C. W. Lett, colonization agent of the G.T.P. wrote asking if it would be possible to get together on a proposition for the display of a mounted buffalo, to be placed in the show case on the platform with a background of grains and grasses.

It was moved that the mayor be a delegate to the convention of Alberta Municipalities at Edmonton, and that the secretary-treasurer be appointed, if the mayor cannot attend.

Regarding the letter from Mr. Lett, it was moved that the secretary be authorized to advise Mr. Lett that we are pleased with the suggestion and are willing to cooperate.

A deputation consisting of Mr. V. E. Graham, Chairman of the school board and Mr. C. C. Bremner, principal, waited upon the council in regard to the use of the council chamber for school purposes or to offer some suggestion as to means to overcome the overcrowded condition at the school.

In order to better discuss the proposition, the council resolved itself into a committee of a whole with the deputation as members, and after reviewing the question, brought in the following report:

"That matter for an extra classroom in connection with, day school be left in the hands of the school board, this being outside the jurisdiction of the council; the board acting on any suggestion made by the chairman of the fit. Should they desire the use of the council chambers, that they make application for same, when the question will be dealt with."

The auditor's report was accepted. Bills and accounts to the amount of \$12,120.91 were passed and ordered paid.

The secretary reported verbally that it would be impossible for the joint liquidators of the Wainwright Power and Light Co., to extend system to the Mitchell hospital, and it was not in their power.

The council then granted the sum of \$100 to the hospital for the purpose of extending the light.

Moved by S. D. Mills-Elder, "That in the event of the school board not being able to secure necessary accommodation at once, that council grant the use of the council chambers for a period not exceeding two months, pending other arrangements. The motion was lost."

**VIVIAN MARTIN STAR IN PICTURES SHOWING AT ELITE THEATRE**

Director Robert Thornby, who has been directing Vivian Martin in Paramount pictures, recently says that in all his experience with the star he has never seen her enjoy a production more, albeit she is an enthusiast in her line and always throw every energy into each production. "Molly Entangled" is an Irish production and somewhere in Miss Martin's make-up—not the grease paint—there is a bit of Celtic blood, so Mr. Thornby insists. There was much slinging of brogue around the studio and many were the evidences of Irish wit that cropped up unexpectedly. "Molly Entangled" will be shown at the Elite theatre Friday and Saturday this week.

## BIG SHORTHORN CATTLE SALE ON SATURDAY

Saturday will see one of the biggest sales of purebred cattle ever held in Wainwright. E. L. Cork is offering fifty registered animals by unreserved auction sale, to be held in the rink auditorium, where it will be dry and comfortable in spite of the inclement weather. Mr. Paisley, assisted by Mr. Stuart will conduct the sale.

Last week three hundred fifty-page catalogues were sent out to enquirers from all over northern Alberta. The catalogue gives the description and pedigree of every animal, and the terms and conditions of sale.

Mr. Cork is selling his entire stock as he wishes to devote his entire time to the watch repairing business. He has been breeding Shorthorn cattle for a good many years and when he came to the

"Canada expects every man to do his duty, by buying Victory Bonds."

Well, old Jack Frost's here again. The farmers are getting out their sleds, so winter is well on the way. We suppose Limpard's Lake will soon be frozen over and skating will start again.

Mr. Thompson returned from a trip to Vancouver.

Last Saturday the basketball team started out to Viking. When just up at the top of the hill near Fayban, Jimmy Clifford's car broke down. So the other car started back to Wainwright, with a good sized load, and Miss Ash, Mary Schofield, Helen Connor, Agroyd and Mildred Graham walked to the Fayban store, enjoyed a good time, their and started back along the track to Wainwright.

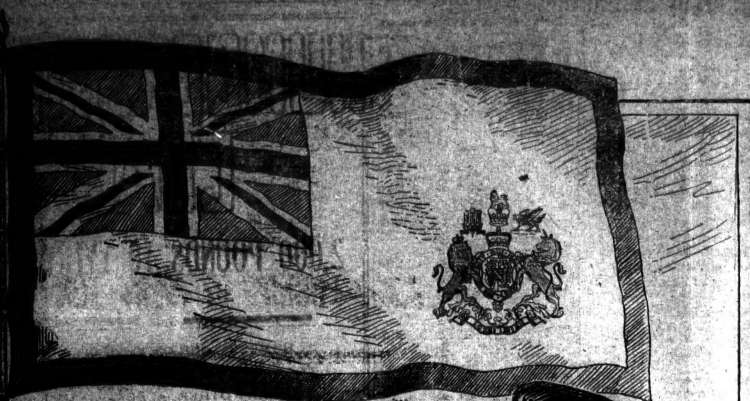

Wainwright has lost another of her young men in the person of Dwight Elder, who worked at the Ford Garage. Dwight left Saturday for Regina. He will be missed by a great number of friends.

Miss Ellen Swanson, who has been visiting friends in Edmonton for the past three months, spent a few days with the Misses Jonason en route to her home in Winnipeg.

## "I Hope Every City and District Will Win My Flag"

When Edward, Prince of Wales, eager, bright-eyed, smiling and sincere, arrived in Canada, in August, and when he voiced his great admiration of the wonderful achievements of Canadians, on the fields of battle and at home, once again we were thrilled with joyous pride.

He asked concerning Canada's reconstruction programme, and when he was told of the Victory Loan 1919, he graciously consented to the use of this Coat of Arms on a flag, which is to be the pride of honour for districts achieving their quota in the loan.

In dedicating "The Prince's Flag" at Ottawa on Labor Day, His Royal Highness said in part:

"It is a great joy to me to be associated with the loan, which is the bridge between war and peace, and which is finishing off the job."

"I hope every city and district will win my flag."

Striking and beautiful in design, this flag will form not only an unique memento of Victory 1919, but a lasting and outstanding souvenir for the victors of His Royal Highness—a visit which will remain as one of the most memorable events in Canadian history.

The reproduction above shows the design of the flag. The body is white, the edge red; in the upper left hand corner is the Union Jack, and in the lower right hand corner the Prince of Wales' Coat of Arms.

The flag is made in two sizes, 4 feet 6 inches by 9 feet 6 inches for cities, towns and villages; and 7 feet by 13 feet 6 inches for cities of over 10,000 population. Canada has been divided into canvassing districts by the Victory Loan Organisation. Each city forms one district. Other districts have been determined according to population.

Each of these canvassing districts has been allotted a certain amount in Victory Bonds to sell. To win the Prince's Flag, therefore, a district has to sell its allotment. That is the one and simple condition.

Anticipating that many districts will buy far beyond their allotment, the organization decided that for each twenty-five per cent. excess of the quota one Prince of Wales' Crest be awarded. Thus the workers in a district doubling its quota will be the proud winners of four small crests for their Honour Flag. These crests will be sewn to the flag. The Prince's Crest—

the three ostrich plumes—is shown at the top of the coat of arms.

To every organization with fifty or more employees, where seventy-five per cent. of the enrollment invests a total of ten per cent. of the annual payroll in Victory Bonds, a supplementary Prince of Wales Flag in smaller form—48 inches by 34 inches—will be awarded.

The allotment for each district has been carefully considered, and is based on a conservative estimate of the purchasing power of the district.

Your district can sell its allotment and thus win the Prince's Flag, provided each person does his or her share.

You will gladly do your part and encourage your neighbour to do his.

Remember YOUR purchase may be the one that decides whether or not your district is to be the proud possessor of the Prince's Flag.

The Prince's Motto is "I Serve"  
Will You also Serve?

## HENS THAT PAY

(Experimental Farms Note)

Three of the Dominion Experimental Farms, situated in the Prairie Provinces have been making increased records in egg production for several years and the present year promises to beat all previous years for high yield.

It has been thought that the 200 egg hen was not possible in the West with its cold winters, but hens at Brandon, Indian Head and Lethbridge have shown that it can be done and that 225 eggs is by no means impossible and that even 250 eggs from one hen in 52 weeks is an actual fact.

These three farms have been running neck and neck in production until this winter when Mr. Crossfield, the poultry expert at Lethbridge, secured the best general egg yield. There practically all the pullets retained gave 150 eggs in the year but there were also a good many 200 eggers and several that laid 225 eggs. It is Indian Head, however, that beats all Prairie records to date with a Wyandotte pullet that finished its 52 weeks on September 9th with 250 eggs to her credit. This is not the highest yield for an Experimental Farm bird in the west for the Vancouver Island Station had one that finished her year last month with 274 eggs but the Indian Head is the best in the Prairies to date and Mr. Crounch, the efficient poultryman there, is to be congratulated.

The three Prairie Farms that have been obtaining these records have the three plants at which Egg Laying Contests are to be conducted this year. The birds in the contests will therefore, be under the very best management obtainable and where the best records may be expected. Breeders therefore who wish authentic records may enter three to five birds in "tests" or a pen of ten birds in a "contest" at any one of the three Prairie Farms. Entries may be sent to Dominion Poultry Husbandman, Experimental Farm, Ottawa. Hens that lay 150 eggs in 52 weeks will be eligible for entry to Record of Performance, those that lay 225 to the Advanced Record of Performance. Breeders of good strains who want to do business had better get official tests and have their birds registered right at the beginning of the Dominion Record of Performance.

## WHERE IT'S SUMMER ALL THE TIME

This is the season when you are thinking of where you will spend the winter. You cannot do better than consult Grand Trunk Pacific representatives. The railway and steamship routes to North Pacific Coast points and California is the new way and is without a peer. The ocean voyage through the quiet seas of the "Inside Passage" between Prince Rupert, Vancouver, Victoria and Seattle is the finest ocean trip in America. Winter rates will be announced shortly. For information and literature apply to any agent of the Grand Trunk Pacific Railway, or write W. E. Duperow, General Passenger Agent, Winnipeg.

Topics of interest to all types and conditions of teachers will be discussed and this mutual exchange of ideas and ideals should prove extremely beneficial to all.

During the convention it is proposed to organize to teachers of the Wainwright, inspectorate and for this reason Inspector Fowler desires to urge all teachers in this inspectorate to attend the convention. Registration will begin at 9.30 a.m. on November 14th.

## RE-STOCKING JASPER PARK WATERS

Advice has just been received at Grand Trunk Pacific headquarters from Col S. Maynard Rogers, Superintendent of Jasper Park, Alberta, that recently fish, fry including 10,000 Rainbow Trout and 10,000 Salmon Trout had been planted in the waters of Hibernia Lake, Dorothy Lake, Patricia Lake and Pyramid Lake. These lakes are all situated close in to the Park headquarters and the Tent City and with the growing popularity of Jasper Park as a tourist resort, the result of the planting of such game fish, native to the waters of the territory, will provide excellent sport for the lover of the rod and reel. The fry were secured from the Alberta Provincial hatcheries, and this is the third supply of fry that has been placed in these waters within the past two years.

Mr. James Ward paid a brief  
visit to town on Monday. He re-  
ports that Mrs. Ward and the  
boys are nicely settled in Edmon-  
ton.

Word has been received from  
Dr. Little that he is now actively  
engaged as specialist in anaesthe-  
tics in the city. He is now almost  
completely recovered from the ef-  
fects of his double operation, two  
months ago.

Mrs. (Rev.) N. F. Priestley has  
received a wire from her mother  
and sister saying that they have  
arrived in New York. They will  
proceed to Wainwright after vis-  
iting a little with old friends in  
that city.

Rev. J. B. Thompson returned  
on Saturday last from his visit to  
his parents at Vancouver. On the  
Sunday of his absence he occu-  
pied the pulpit of First Presby-  
terian Church in Kamloops.

Peter Bryce and family will  
leave about Sunday for the east,  
where they intend to reside in  
future.

Mr. R. J. Johnson is in town,  
succeeding Mr. Patterson as as-  
sistant chemist, in Mr. R. Snider's  
drug store.

St. Luke's R.C. Church will  
give their annual card party on  
Thursday evening, Nov. 13th, in  
the Elite Theatre. Don't forget  
the date.

Mr. McNern, Geo. Babb, Mr.  
Plaxton and T. Sheridan made a  
large shipment of cattle Wednes-  
day evening to the Winnipeg  
market. Nineteen cars were  
loaded. It is expected that many  
of the cattle will be sent right on  
to the Chicago market.

Eddie Mitchell left on Monday  
for Edmonton, where he will  
enter a drug store, taking up his  
apprenticeship preparatory to  
studying pharmacy.

The ladies aid of the Presby-  
terian Church are giving an anniv-  
ersary supper in the Elite theatre  
on Wednesday, Nov. 26th.

Gardner Lewis who has been  
visiting friends in Gilede, re-  
turned to his home in Buffalo,  
N.Y. this week.

**TREAT IN STORE  
FOR THE ADMIRERS  
OF BILLIE BURKE**

Daisy Paramount Star Will Be  
Seen Here in New Film  
"In Pursuit of Polly"

The admirers of Billie Burke,  
the popular Paramount star, will  
be afforded an unusual treat when  
her latest photoplay, "In Pursuit  
of Polly," is presented at the Elite  
theatre next Monday and Tues-  
day in this picture, Miss Burke  
will be seen as a chauffeur in  
overalls, who does not disdain to  
repair her broken-down automob-  
ile—and who, while engaged in this  
delectable occupation, is dis-  
covered by a millionaire, who offers  
to assist her. Of course, she ac-  
cepts and later becomes his  
bride.

**EXERCISE FOR FOWLS IN  
WINTER**

The aim of the poultry-keeper  
throughout the colder months of  
the year should be to keep the  
laying and breeding stock as  
warm as possible, and to accom-  
plish this the birds should be  
made to scratch, by scattering the  
feeding grain amongst straw litter.  
Healthy exercise is better  
than coddling.

**SMALL EGGS SPOIL GRADE**

Pullets, as many of my readers  
are aware, always lay a compara-  
tively small egg to start with, and  
the size gradually increases until  
the normal is reached. By the nor-  
mal I mean an egg weighing a  
couple of ounces. This is the mini-  
mum commercial standard weight  
and anything below the weight is  
undesirable.

"Molly Entangled," which is  
Vivian Martin's latest Paramount  
photoplay, an unusually whole-  
some and amusing photoplay, is  
one of the best that clever little  
star has worked in for some time.  
It will be the attraction at the  
Elite theatre Friday and Saturday  
this week.
